Cats for Christmas!!

Cats two years and older - just \$45

They've been waiting at their foster homes, watching kittens and other cats come and go, and now it is their turn! Stop the Suffering is offering reduced adoption fees on cats **2 years and older during the month of December** so they can spend the holidays in their new fur-ever HOME! All cats are spayed or neutered, combo tested and current on all shots.

If you are looking to bring a cat into your life we hope that you consider adopting a cat right here at StopTheSuffering.org.

We have a wonderful listing of rescue cats that would love to have a home and a family. By adopting a cat not only do you get the joy of having a wonderful pet but best of all you will completely change their world and make more room for StopTheSuffering to save more cats in the future.
